

Micro DC by WattD

The Innovation for modern data center

Highlight :

- Plug & Play Data Center
- Lock / Unlock door by Access Control
- Cooling in the rack cabinet
- Cooling capacity 2 or 3 KW
- Support 4-6 Servers
- Save space & more efficiency
- Split cold & hot air area in the rack , no hot spot issue
- Cold air 22-25 / Hot air 30-35 Celsius (save energy)
- Integrated automatic condensate evaporator
(not required drain pipe)
- Automatic door opening in case of overheat in rack
- Send alarm via e-mail and flashing light + buzzer activate
- Leveling feet & castor for movement
- Save both CAPEX & OPEX
- Green design & solution for mobile data center/ DR site

The Innovation for modern data center

Buanet B2 (SKU: B221001)

- 1. Rack cabinet 24U, IP 42 (650Wx1200Hx1200D mm.)**
- 2. Cooling unit 2KW (6,800 BTU/Hr)**
- 3. RFID Access Control (lock/unlock the door)**
- 4. Emergency Ventilation System (EVS) included**
- 5. Flashing light & buzzer for alert/alarm**
- 6. LED lighting at front & rear door**

Buanet B3 (SKU: B331001)

- 1. Rack cabinet 30U, IP 42 (800Wx1500Hx1200D mm.)**
- 2. Cooling unit 3KW (10,230 BTU/Hr)**
- 3. RFID Access Control (lock/unlock the door)**
- 4. Emergency Ventilation System (EVS) included**
- 5. Flashing light & buzzer for alert/alarm**
- 6. LED lighting at front & rear door**
